MOSQUITO-BREEDING POND UNCOVERED

One of the worst mosquito-breeding ponds in the Waikiki district was uncovered yesterday by the agent of the Citizens' Mosquito Committee, but it is believed by the agent that within a few days there will not be a single mosquito or any larvae existing there. The pond is on Saratoga road. A gang of prison laborers was put to work yesterday and by afternoon most of the weeds were removed, and oil spread on the surface of the water which teemed with millions of wrigglers, some places being black with them. Canals will be run through the weedy portion to permit fresh water to course through it and the pond stocked with fish. The latter are the best agents the Citizens' Committee has in killing off mosquito larvae in the Waikiki ponds.

THEY GET QUICK STRENGTH AND HEALTH

FROM

Paine's Celery Compound

MEN AND WOMEN HEARTENED—
BRACED—INVIGORATED QUICKLY BY THE CELEBRATED
NERVE VITALIZER AND
Tonic.

MISS FLORENCE WORDEN.

Paine's Celery Compound Restored Her So Quickly That Her Doctor Was Astonished.

Tired, weak-nerved, thin-blooded, unhappy men and women get quick, sure, hearty health from this celebrated Nerve Vitalizer and Tonic. It drives away lassitude, gives courage and strength. There is a rich increase in blood supply, and soon the whole system thrills with hearty health.

"Paine's Celery Compound has been worth a thousand dollars to me," writes Miss Florence Worden, niece of Admiral Worden. "Strain of professional duties left me a nervous wreck. I went home and for weeks was nursed by my mother as an absolute invalid. My digestion was very weak, and I suffered agonies from neuralgia. A girl friend sent me a bottle of Paine's Celery Compound, with a cheerful, hopeful letter, telling what it had done for her. I took four bottles, and by the end of summer I was well—absolutely well. Not since I was a child have I felt such buoyant HEALTH AND SPIRITS. Our doctor was astonished."—(Miss) Florence Worden, 314 West Forty-seventh street, New York.

STUDENTS BY THE HUNDRED

Oahu College Opens Its Sixty-Third Year.

Oahu College began its sixty-third year yesterday morning with a large attendance. When President A. F. Griffiths mounted the platform in Puhali Hall at 9 o'clock every desk seat was occupied, and the divisions of the senior, junior, sophomore and freshmen classes were noticed to be well balanced. Nearly a hundred pupils were present at the opening and others are expected to enter the various classes in the next two or three weeks. The same auspicious beginning was also apparent in the Punahou Preparatory School, which will have a full membership.

On the stand with President Griffiths were Hon. P. C. Jones, one of the trustees, and the members of the faculty. The exercises were opened with an organ solo by Prof. Gerard Barton, after which the President introduced Mr. Jones, who gave a short but characteristic address. His style was humorous and the students were won by his wit and geniality.

The theme of "Success in Life" was ably handled by Mr. Jones. Success, he said, was the aim and motive of every ambitious young man and young woman. Now was the time to begin to measure the success of the future. During the school year was the time to formulate the resolve to succeed, not when the students were entering upon the realities of life. Mr. Jones referred briefly to one or two instances of where faithfulness—which should be the watchword of all students' lives—had made the man, and the lack of it had unmade him. There was a time in the long ago when a teacher at Oahu College, who drew a large salary, believed he was entitled to more, and therefore only gave services in return which he thought were commensurate with the salary he got. The result was that he lost his position. Faithfulness to one's school duties meant much in after life, as it created truthfulness and honesty.

Being behind hand with one's duties also tended to bring about a lack of faithfulness. Promptitude was another keynote to success. He said that an old Honolulu missionary friend of his once said that those who were not prompt had three hands—the right, the left and (illustrating with one hand wagging behind his back), the third, the behind hand.

President Griffiths made a few introductory remarks in welcoming the students. He said he had had occasion during the past year to commend the esprit du corps which existed in the school and he was certain that he would have occasion to express the same sentiments. During his trip east he had visited many schools and colleges and found that Oahu College was as good as any of them of the same size, both in equipment for school work, and in the students themselves. The college faculty for the year will be as follows:

History and Economics—Arthur Floyd Griffiths, President, A. B., Harvard; A. M., St. Lawrence.
English—Katharine Merrill Graydon, A. B., Butler College; A. M., Indiana University.
Greek and Latin—Susan Gardner Clark, A. B., University of California.
Latin—Charles A. Stiles, A. B., Harvard; A. M., St. Lawrence; A. B., Williams.

French and German—Helene Tietjens, Science—Wilbur James MacNeil, M. S., Cornell University.
Mathematics—Wilbur Ambrose Anderson, A. B., Amherst.

English and History—Mary Charlotte Alexander, University of Chicago; University of California.

Commerce—Levi Cassius Howland, Chico State Normal School, California; San Francisco Business College; University of California.
Art and Manual Training—New Hampshire State College; Massachusetts Institute of Technology; B. S., Colorado State Agricultural College.

Director of Music—Gerard Barton, Oxford University.

Piano—Carolyn Heloise Barton, Pupils of Gylva Ormay.

Piano—Gertrude King Brown, Oahu College Department of Music; New England Conservatory of Music.

The Punahou Preparatory School faculty is as follows:

Samuel Pinckney French, Principal, A. B., Dartmouth.

Seventh Grade—Vice Principal, Helen Kristine Sorenson, San Jose State Normal School, California.

Eighth Grade—Physical Culture, Emogene Hart, Physical Training Department, Oberlin.

Sixth Grade—Drawing, Mary Gray Borden, San Jose State Normal School, California.

Fifth Grade—Lulu Grau, Hohere Toeherschule zu Hanover.

Fourth Grade—Drawing, Elizabeth Anna B. Turner, Maryland State Normal School.

Second Grade—Mary Persis Winne, Cogswell Polytechnic College, San Francisco.

First Grade and Kindergarten Director—Claire Henriette Uecke, Chicago Froebel Association.
Substitute teacher—Mrs. W. J. MacNeil.
Kindergarten Assistant—Charlotte Van Cleve Hall.
Kindergarten Assistant—Agnes Baldwin Alexander.
Jonathan Shaw, business manager;

Frank Barwick (Kew Gardens) Superintendent of Grounds, Mary L. Bettis, matron; Ruth Whitney, Librarian.

President Griffiths stated yesterday that the registration this year is the heaviest in the history of the institution. The registration for the college proper is 103; for the Preparatory, 201, and the kindergarten has so many pupils that two assistants will be required.

Clearing for Dock.

The warehouses near the foot of Alakea street on the makai side of Allen are being demolished to make room for the big new docks which the Territory is to commence work on shortly. The ground is cleared except for a few old buildings and they are rapidly coming down.

Handled Yale Crews.

NEW HAVEN, Conn., Aug. 22.—James E. O'Connor, who for many years was engineer of the launch Ellihu Yale, and an assistant on handling Yale crews, both here and at New London, is dead of appendicitis.

To Be Depended On

Because It Is the Experience of a Honolulu Citizen and Can Readily be Investigated.

A stranger lost in a large city would place far more dependence on the directions given him by a local resident than the guidance of another stranger like himself. This is a natural consequence of experience; it's like a ship in a strange port—a trusty pilot familiar with the harbor is always called upon to bring her safely to her moorings. So it is with endorsement; we doubt the sayings of people living at a distant point because we can't investigate, but public expression of local citizens can be depended upon, for 'tis an easy matter to prove it. Evidence like the following is beyond dispute:—

Mr. W. F. Williams of this city, is a light-house keeper, and he has held this position for the last 30 years. He says: "I was for a number of years, one of that numerous army of people who suffer with their backs. Mine ached and pained me to no small extent, so that I was glad when I heard of a remedy for it, Doan's Backache Kidney Pills. I obtained some of these at the Hollister Drug Co.'s store, and took them. They gave me great relief, and I make this short narration of my experiences for the benefit of others who perhaps do not know that nearly all backache arises from the kidneys, and the best medicine for it is Doan's Backache Kidney Pills." Doan's Backache Kidney Pills are 50 cents per box, for sale by all druggists; sent by mail on receipt of price by the Hollister Drug Co., Honolulu wholesale agents for the Hawaiian Islands.

WILL IMPROVE FAR OUT SUBURBS

An Improvement Association for Kaimukui, Palolo and Wai'alae suburbs is to be organized. The following call for a meeting has been issued:

You are urgently requested to attend a meeting at the Merchants' Association Hall, Young Building, at 4 p. m. Wednesday afternoon, Sept. 14th, for the purpose of organizing an Improvement Club for the Kaimukui, Palolo and Wai'alae district. The call is signed by A. F. Clark, C. T. Day, C. M. V. Forster, Paul R. Isenberg, Jno. A. Templeton, D. B. Maconachie, T. McCants Stewart, S. I. Shaw, W. L. Howard, S. E. Damon, Royal D. Mead, W. M. Minton, Zeno K. Myers, E. A. McInerney, Dr. W. G. Rogers, Geo. P. Thiel, Fred. Harrison, A. V. Gear, John B. Friesas.

The purpose of this meeting is to get the property owners of the district together to work for mutual interests in improving the surroundings of the suburban district. Planting trees along the streets and seeing that proper recognition is obtained from the Government for whatever is deemed to be the share of this district. The plan follows the general lines of Improvement Associations that have proved such a success in mainland cities and towns. It is believed a great deal can be accomplished by property owners and residents working together.

SYMPHONY CLUB CONCERT AND PLANS

The Honolulu Symphony Club gave an enjoyable concert at the club quarters, Haalelela Lawn, on Sunday afternoon. The orchestral numbers were well rendered and received hearty applause. A feature of the concert was the singing of Miss Leontine Hartnagle, whose renditions of "Awake" and "Oh, Fair, Oh Sweet and Holy," drew generous applause.

The club contemplates bringing the Honolulu Chess Club and the Honolulu Engineering Association into its quarters. There are many days during the month when the Symphony Club is not using the quarters and the other organizations mentioned would have the freedom of the place to themselves on whatever dates they might select.

A board of governors now has charge of all affairs of the Symphony Club.

Historical Honolulu

OR A CENTURY OF

HAWAIIAN EVOLUTION.

This valuable record of the most important events in the History of Honolulu for the past hundred years was compiled and published at great expense in 1899.

Its historical and descriptive articles are by the very best recognized authorities on Island matters and are handed from absolutely impartial standpoints.

It is finely illustrated and contains portraits and biographical sketches of the principal business and professional men of the Islands.

This is a publication that no student of Hawaiian History can afford to be without. A limited number of copies still for sale by The Hawaiian Gazette Co., Ltd.
